***Please Join Us for an Engineering and Astronomy Workshop
with the Green Bank Observatory!***

FEB. 28TH AT 1:00 PM

ROOM BE-5 OF THE MU MEMORIAL STUDENT CENTER

The workshop will be free and open to the public. Join Green Bank Observatory senior staff members Mike Holstine and Dr. Karen O'Neil for a great discussion about the construction of the Green Bank Telescope, and about the cutting-edge technology and ground-breaking research that the facility is world-famous for. We'll also talk about educational programs available at the Observatory for students of all ages. We look forward to seeing you there!
